TERRIBLE ACCIDENT.

Three Young Women Killed Near Hazleton This Morning. Special to EVENING HERALD. Hazleton, Nov. 29.—A most distressing accident occurred at the Cranberry crossing of the Lehigh Valley Railroad, a mile west of this city, this morning, by which three young women were killed. The victims were: EMMA GOODECKE, aged 20. LIZZIE BUESEL, aged 19. ADA DAVIDSON, aged 22. Two of the victims, Misses Goodecke and Biesel, are residents of this city and very prominent in its society circles. Miss Davidson is a resident of West Virginia and was a guest of friends in this city.

The young ladies started from here at 8:30 o'clock this morning to visit friends at Humboldt. They rode in a "bus" in charge of a driver. As they approached the Cranberry crossing a Pennsylvania railroad passenger train also approached. The engineer blew his whistle several times, but the driver, who was evidently a green hand, either failed to heed the warnings, or became bewildered, and the train struck the carriage with such force as to demolish it.

Misses Goodecke and Davidson were killed outright. Their bodies were terribly mangled. Miss Biesel was also badly mangled and died at the Hazleton hospital about an hour later. The driver escaped injury and when the "bus" was struck the horses broke and the horses ran off, escaping injury.

FIRE UNDER CONTROL!

Good Work Done at the Kehley Run Colliery. PLENTY WATER AND GOOD AIR! The Men Have Reached and Are at Work in the Chute in Which the Fire Started—The Outlook is Very Encouraging.

The past twenty-four hours have been productive of excellent results in connection with the work of fighting the fire in the Kehley Run colliery and it now seems that the fire is practically extinguished. This result is not only exceedingly gratifying to the officials and employees of the Kehley Run colliery, but also to those of the Robinson and Indian Ridge collieries, in view of the fact that at one time yesterday there was grave apprehension as to the final outcome of the fire.

The plans as outlined in last evening's issue of the HERALD for fighting the fire were carried out last night and during the early morning hours of to-day with most gratifying effect. The pipe line constructed in the old Ringtown slope, with its connection with the reservoir of the Rescue Hook & Ladder Company, afforded the fire fighters an abundant supply of water and the force fan also did good work in driving back the gas and black-damp and enabled the men to advance toward the seat of the fire.

These operations proved so satisfactory that by eight o'clock last night the water reached the fire. The work was kept up and during the later hours of the night the advance made enabled the men to load five cars of debris from the chute of breast 43, where the fire started.

At eight o'clock this morning the fire appeared to be under control, but water was still being poured into the water.

At ten o'clock an official stated that the fire was under control and that the men would probably reach the western end of the fire this afternoon. Water was being abundantly used in the mine.

An hour and a half later another bulletin was issued to the effect that there was still a little fire in the chute of breast 43, about 30 feet from the gangway and the prospects for speedily quenching it were very favorable.

This afternoon the officials stated that the fire in the inside chute was out, but the outside chute was still giving trouble. The men succeeded in getting up this chute to a distance of about forty-five feet and there found a pretty good bed of fire. The water pipe was then extended up the chute to the point reached by the men and a good stream was played upon the fire. The ventilation is very good for the men and it is believed they will soon reach a point from which the fire can be finally extinguished.

This Sutkowsky failed to do, and the Taxpayers' Association pushed the matter now to the extent of either paying up or go to jail. He was taken to Pottsville this morning. Keiser paid his half of the costs.

DEATH IN A BREACH.

The Body of Edward Gilmore, of Hills Patch, Found. At 6:30 o'clock last evening the body of Edward Gilmore, an old and respected resident of Hills patch, near Mahanoy City, was found at the bottom of a mine breach, near Jackson.

Mr. Gilmore left his home last Saturday evening to visit a friend, John Callan, at Jackson. He remained there a short time and left to visit John Talamany, of the same place. Although the distance to the latter's house was short, Mr. Gilmore failed to reach it and he was not seen alive again. A search was instituted for him yesterday, with the result stated.

The body had fallen a distance of 100 feet. There was a slanting ledge of 25 feet from the brink of the breach, and then a perpendicular drop of 75 feet. It was necessary to use ropes in recovering the body. It was badly bruised and there were fractures of the skull, nose and knee cap. OFER the deceased had when he left home \$1.50 was found on his person. It is believed the death was accidental.

Mr. Gilmore was born in Ireland and was about 50 years old. He came to Mahanoy City about 27 years ago and has lived in that vicinity ever since. He is survived by five children, Mrs. Wm. Kelly, of Hills; Mrs. Michael Salmon, of Mahanoy City; Mrs. John Weaver, of New Jersey; Mrs. Thomas Quinlan, of Philadelphia, and Edward Gilmore, Jr., with whom he lived.

It's a Winning Combination. From Pottsville Chronicle. The Shenandoah HERALD states that Senator Loch intends again running for the Senate, that he will soon return home from the hospital practically a well man, and that the Republican party is hereafter to be led by Loch, Charles A. Snyder, Daniel Duffy and Wm. Wilhelm. There is lots of political news squeezed into that one sentence, and the mark and file of it is worthy will be doubt be started with the thought that Wm. Wilhelm, the uncompromising bimetalist and follower of "Pitchfork" Tillman, is to be one of the men to stand near the top. It is a great combination of names the HERALD publishes party leaders, but these are few to believe the quartette will ever pull together.

RUNNING IN SWINDLERS!

Two More "Syndicate Promoters" Arrested in New York. BUT MILLER IS STILL AT LARGE. The Lawyer Who Was Appointed Receiver of the Franklin Syndicate Declines the Responsibility—Victims Seeking Bankruptcy Proceedings.

New York, Nov. 29.—William F. Miller, who conducted the Franklin syndicate in Brooklyn, has not yet been arrested, although the so-called dragnets of the police evidently being out of order. The police have not the faintest idea where Miller is.

The Franklin syndicate safe, which was locked up by Miller the last time before he took flight, was opened by a locksmith yesterday in a Brooklyn police station. In it was found 190 shares of Brooklyn Rapid Transit stock and a few worthless scraps of paper. There was not a penny of cash or anything of value except the stock. Postmaster Wilson, of Brooklyn, has received an order from the postmaster general directing him to return, so far as possible, to the senders all letters addressed to the syndicate. About 1,500 pieces of mail, including over \$12,000 worth of money orders, have accumulated since Saturday.

Hubert G. Taylor, the lawyer who was appointed receiver of the syndicate, has asked to be relieved of the appointment on the ground that he does not like to have his name associated in the public mind with that of Miller and his unavailing supporters.

Involuntary bankruptcy proceedings against the syndicate were instituted in the United States court yesterday before Judge Thomas G. attorneys representing depositors whose claims aggregate over \$50,000. They allege in their petition that a large part of the syndicate's property has been concealed with intent to defraud creditors. These bankruptcy proceedings, it is said, will take precedence over all other claims filed against the syndicate.

Louis A. Gourdain, who has a banking office in the Metropolitan Life Insurance building, at No. 1 Madison avenue, and is alleged to have a scheme similar to that of the Franklin syndicate, was arrested yesterday on the order of Chief of Police Davery. He was taken to police headquarters and will be charged with swindling. Gourdain is said to be a well known lottery man from New Orleans. He was held in default of \$10,000 bail.

John B. Agnew, whose connection with the Washington syndicate in Green Point, Brooklyn, led to his arrest Monday, was up for arraignment yesterday in a Brooklyn police court. In the absence of the district attorney the magistrate would not fix bail.

The police last night arrested Charles D. Hughes, 43 years old, said to be a "get rich quick" banker, at his office, 69 Wall street. It is said that since July, 1898, 500 complaints against Hughes have been lodged with the police.

INTERNAL REVENUE RECEIPTS. Amendments Recommended to the War Revenue Measure. Washington, Nov. 29.—Commissioner George W. Wilson, of the internal revenue bureau, in his report to the secretary of the treasury of the operations of his office from the fiscal year ended June 30, 1899, shows that the receipts from all sources aggregated \$274,484,573, an increase over the preceding year of \$102,617,000, and an increase of \$3,384,573 over the estimate of the commissioner made one year ago. The commissioner estimates that the receipts from all sources for the present year will approximate \$285,000,000, which is about \$11,500,000 in excess of the receipts for the year closed June 30, 1899.

During the last year officers of the internal revenue seized 2,190 illicit stills and in the discharge of their duty one officer was killed and three wounded. There were 711 persons arrested in connection with illicit distilling, which, the commissioner says, is rather on the increase in certain sections of the country.

The commissioner recommends several amendments to the war revenue act, among them one providing that estates in this country of persons residing abroad at the time of their death shall be taxed the same as the estates of persons residing in this country. It is also recommended that the agricultural fair be exempt from payment of revenue tax.
